

LAMBDA PHYSICS SRL

OPTICAL PARTS

contact@lambda-physics.ro

www.lambda-physics.ro

The table lists generic optical components which already exist or can be made by the company at the highest standards.

Nr. crt.	LAMBDA PHYSICS S.R.L. - Optical parts portfolio	Price interval (EUR)
1.	Ultra-short pulse (femtosecond) laser mirrors with diameters between 25 and 150 mm	100 - 4000
2.	Laser mirrors for UV (300 - 400nm), Vis (400 - 700nm) and Near Infrared (700 - 3000nm) spectral domains	20 - 100
3.	Beam splitters (plates and cubes)	20 - 100
4.	Polarizing or non-polarizing beam splitters	40 - 200
5.	Corner cube retro-reflectors	50 - 300
6.	Spectral (dichroic) filters and mirrors	20 - 100
7.	Protected metallic mirrors (aluminum or silver)	20 - 200
8.	Lenses, doublets and optical windows with anti-reflection coatings	10 - 200

The actual prices depend on the size, number of pieces ordered and the technical conditions imposed. There may also be special situations in which the price is not included in the estimated range.

LAMBDA PHYSICS SRL

COMPONENTE OPTICE

contact@lambda-physics.ro

www.lambda-physics.ro

In tabel sunt listate componente optice deja fabricate sau care pot fi realizate la cele mai inalte standarde.

Nr. crt.	Portofoliu componente optice LAMBDA PHYSICS S.R.L.	Pret (Lei)
1.	Oglinzi pentru laseri cu pulsuri ultrascurte (femtosecunde), cu diametre cuprinse intre 25 si 150 mm	Intre 500 si 20000
2.	Oglinzi laser pentru domeniile spectrale UV (300 - 400nm), Vizibil (400 - 700nm) si Infrarosu apropiat (700 - 3000nm)	Intre 100 si 500
3.	Lame si cuburi divizoare de fascicul	Intre 50 si 500
4.	Cuburi divizoare polarizante sau nepolarizante	Intre 200 si 1000
5.	Retroreflektori tip "Colt de Cub"	Intre 250 si 1500
6.	Filtre si oglinzi spectrale (dicroice)	Intre 100 si 500
7.	Oglinzi metalizate (aluminiu sau argint protejat cu strat de cuar (SiO ₂) sau safir (Al ₂ O ₃))	Intre 100 si 1000
8.	Lentile, dubleti si ferestre optice cu acoperiri optice antireflex	Intre 50 si 1000

Preturile sunt orientative, depinzand de dimensiuni, numar de bucati comandate si de conditiile tehnice impuse. Pot fi si situatii peciale, in care pretul sa nu fie inclus in intervalul estimat.
